HIGH SPEED TOP PERFORMANCE

6500MFPLUS/8000MFPLUS

d-COPIA

The d-Copia 6500MFPLUS and d-Copia 8000MFPLUS black and white multifunctional digital systems are the perfect solution for all the document workflow requirements of large offices and small print centres looking for high efficiency, productivity and superior black and white printing quality.

Both models are fitted with a powerful **Dual-Core processor** guaranteeing superlative performance, which, together with a standard Dual-Scan document processor with a speed of 160 ipm and a copy speed of 65/80 ppm, put the two models at the top of the Olivetti product range.

An adjustable 10.1" colour touch screen, an optional wireless network interface and a large paper capacity enable these systems to handle all work requirements.

STANDARD DUAL-SCAN DOCUMENT PROCESSOR - 270 SHEETS

3GB RAM, 320GB HARD DISK & QOR1Q P1022 DUAL-CORE CPU

10.1" COLOUR TOUCH SCREEN DISPLAY

MOBILE PRINTING APP FOR IOS AND ANDROID / AIRPRINT (APPLE®) SUPPORT

TOTAL PAPER ON-LINE 7,650 SHEETS (WITH OPTIONS)

STANDARD SCAN-TO-SEARCHABLE PDF (OCR)

Options: DUAL FAX, INTERNET FAX AND NETWORK FAX

d-COPIA 6500MFPLUS/8000MFPLUS

SPEED AND PERFORMANCE

It doesn't take long to complete a job to the highest standards.

The d-Copia 6500MFPLUS and d-Copia 8000MFPLUS are equipped with a **powerful 1067MHz Dual-Core processor** for fast document processing. The standard document processor delivers a **speed of up to 180 ipm** in black and white (100 ipm in colour), thanks to two-sided scanning in a single pass. The black and white copy speed on the A4 format is up to 65 / 80 ppm and the first page appears in 5.8 / 5.4 seconds.

TECHNOLOGY AND ACCESSIBILITY

Technology for excellent communication. **The broad 10.1" colour touch screen** can be raised and tilted, for maximum operational comfort. The **navigation**, similar to that of a mobile device, ensures using the display is simple. Accessibility is also guaranteed by the optional **wireless network** interface and **on-the-move printing from smartphones and tablets**.

Tiltable operator panel, 10.1" colour touch screen

Max. paper tray capacity (with options) 7,650 sheets (7 trays + bypass)

EFFICIENCY AND QUALITY

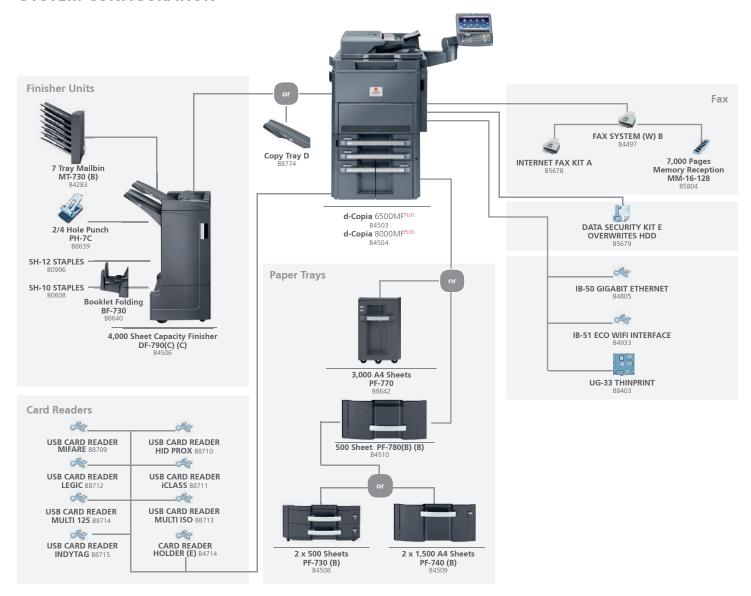

The Olivetti d-Copia 6500MFPLUS and d-Copia 8000MFPLUS have been designed for **large office workgroups or small Central Reprographic Departments**. Thanks to a top paper capacity of 7,650 A4 pages (with optional accessories), the two systems deliver impressive productivity. Another useful feature is the tri-fold function (A4 format) for printing letters or mailers (requires the optional Finisher & Booklet Folder).

SUSTAINABILITY AND RELIABILITY

Low energy consumption and compliance with the latest regulations make the Olivetti d-Copia 6500MFPLUS and d-Copia 8000MFPLUS eco-friendly products. During copy operations, a document-analysis algorithm identifies blank pages, and ignores them, **to avoid wasting paper**. User privacy is also important. After sending a job, the user authorises it by keying in a pin number via the printer operator panel to release the job.
